About SI-BONE, Inc.

SI-BONE (NASDAQ: SIBN) is a global leader in developing unique technologies for surgical treatment of sacropelvic disorders. Since pioneering minimally invasive SI joint surgery in 2009 with the iFuse Implant System[®], SI-BONE has supported over 4,600 physicians in performing a total of nearly 130,000 procedures. A unique body of clinical evidence supports the use of SI-BONE's technologies with over 175 peer reviewed publications including four randomized controlled trials. SI-BONE has leveraged its leadership in minimally invasive SI joint fusion to commercialize novel solutions for adjacent markets, including adult deformity, spinopelvic and sacropelvic fixation and pelvic trauma.
